CAREER OBJECTIVE

Backend-focused engineer with hands-on experience in designing RESTful APIs, implementing scalable business logic, and managing databases using Java, Spring Boot, and MySQL, complemented by strong expertise in building dynamic, high-performance frontends with React.js.

EDUCATION

Bachelor of Computer Application

Ramakrishna Mission Vivekananda College (Autonomous)

CGPA: 7.5/10

August 2022 – April 2025

Higher Secondary Education (PCMC)

Theni Melapettai Hindu Nadar Uravinmurai Matriculation Higher Secondary School

Percentage: 78.5%

June 2021 – April 2022

TECHNICAL SKILLS

- **Programming Languages:** Java 8 (Core Java, OOP, Collections, Multithreading, Exception Handling), Python (Basics)
- **Backend Technologies:** Spring Boot, RESTful APIs, Microservices Architecture, JDBC
- **Integrations:** Stripe Payment Gateway, Spring Email Services, WebSocket
- **Database Technologies:** MySQL, PostgreSQL, Spring Data JPA
- **Frontend Technologies:** HTML5, CSS3, JavaScript, Bootstrap, ReactJS
- **Tools & Technologies:** GitHub, Postman, Maven, IntelliJ IDEA, Eclipse, VS Code

EXPERIENCE

ReactJS Developer Intern

Trinethra Tech Solution

Jul 2025 – Sept 2025

- Contributed to a jewellery e-commerce and order management system for the client project *Karat & Carat Diamonds* using ReactJS (Vite), JavaScript, JSX, and Bootstrap.
- Integrated REST APIs and JSON for frontend-backend communication and collaborated with backend developers to ensure smooth data flow.

PROJECTS

Employee Management System – Full Stack Application

React.js, Spring Boot, MySQL, REST API, Postman, VS Code, IntelliJ

GitHub

- Developed a full-stack Employee Management System with complete CRUD functionality using React and Spring Boot.
- Implemented RESTful APIs, integrated MySQL database, and tested backend services using Postman to ensure smooth frontend-backend communication.
- Built a responsive UI and followed a scalable, layered architecture for maintainability and future enhancements.

ACHIEVEMENTS & CERTIFICATIONS

- Java Full Stack Development Certification - Trinethra Tech Solution(Offline Training)

SOFT SKILLS

Problem Solving — Analytical Thinking — Team Collaboration — Quick Learner — Attention to Detail
